YOUR FLAG AND MY FLAG

Descriptive Summary.

A patriotic poem embellished with animated illustrations. As the stirring verses of this poem are shown on the screen they are followed by the pictures of the waving flag - now the stars, now the stripes, each illustrating the intent of the text: the ending verses heading views of marching troops with the flag in the foreground. In closing the scene depicts the soldiers raising the flag to the top of its staff, where it is shown unfurling its folds to the breeze in the final close-up.
